- October 6, 2011: Certified mail receipt returned. Looks like Bill Gates signature.

That is what we have. Hope this information is helpful.

As we discussed, I need anticipated date of when the LCC at each facility will be closed. It would also be helpful to know who the engineer is for each project.

I appreciate your assistance in getting this matter resolved in a timely fashion.

If you have any questions about any information in this email, please let me know.

Regards - Kate
